ACEC STRATEGIC PLAN: Six strategic goals under the plan are:

1. Become recognized by all engineering companies in the United States as their legislative advocate for the promotion and protection of their business interests.
2. Become recognized by all engineering companies in the United States as their primary resource on business practices.
3. Become recognized by all stakeholders in the built environment as the national voice of the engineering industry.
4. Grow ACEC/PAC to a \$1 million-per-year PAC by 2010, while “capturing” the influence of our most politically active individual members.
5. Grow the Minuteman Fund to respond to critical state issues and federal appellate cases while maintaining a “war chest” of \$1 million.
6. Grow the number of member firms by 2% each year, grow the number of member firm employees by 3% each year, and recruit 90% of the eligible *ENR* “Top 500 Design Firms” as ACEC members by 2010.

PURPOSE:

The purpose of the committee is to select nominees for ACEC national office; direct the preparation and distribution of nomination invitations and other election materials; and advise the Chairman of ACEC upon completion of nominee slate in accordance with ACEC bylaws.

2007-2008 GOALS:

1. Solicit and develop roster of eligible candidates for Chairman-elect, Treasurer and three Vice Chairmen.
2. Nominate candidates for terms of office commencing April 2008 at the annual convention in Washington, DC.
3. Develop selection criteria for all ExCom positions; for the position of Chairman include in the criteria an understanding of the importance of a “partnership” relationship with the President. For all positions consider the desirability of criteria requiring that ExCom members be actively engaged in the management of their firms.

PROGRESS REPORTS:

The Committee shall make quarterly reports to the Chairman (copied to the President) on progress made in achieving Committee goals.
