

Services, Products, and Benefits that ACEC currently provides for the MOs:

Advocacy

- Provide comprehensive guidance and support on QBS, contacting out, procurement issues and infrastructure funding
- Provide support to state efforts opposing professional services taxes, anti-licensure initiatives and other multi-state challenges
- Work with MOs to intercede with State DOTs and federal agencies on QBS and other FAR enforcement initiatives
- Provide Legislative/Political speakers (GA staff) for MO events and meetings
- Convention registration discounts for MO staff or volunteer leaders who organize and coordinate visits with the state's congressional delegation
- Provide financial and manpower assistance for MOs to meet their PAC fundraising goals, as well as for federal compliance on campaign finance regulations
- Provide ACEC/PAC checks and assistance in organizing/coordinating political events in the state

Minuteman Fund / Legal

- Matching fund to help support MOs regarding state legislative, regulatory, and judicial issues of critical importance to member firms
- Providing information to MOs on legal issues of importance to the engineering industry

Business Resources and Education

- Suggest and provide speakers – including ACEC Staff -- as well as recommendations and assistance from ACEC's network of Educational, Business and Firm/Industry speakers to support state meetings, emerging leader programs, and related MO events
- No Charge for RCEP (continuing education credit for MO education events)
- Revenue share with MOs when ACEC brings a program to their state. They receive 10% of the registration fee of the attendees from their state
- 50% Discounts for EJCDC (contract templates) for all ACEC members and MOs
- Ability to set up special links for discounts on their MO website from the ACEC website
