

# Now Available on CD or Tape!

## *ACEC's Federal Markets Conference 2002*

### *Winning Government Contracts*

The Federal Government generates billions of dollars annually in business opportunities for engineering firms. On March 11, 2002, nearly 200 of your engineering colleagues met in Washington, DC to find out the very latest business opportunities and procurement news. Now you can have this same information!

Six panel discussions are available on CD or Audio Tape. The panels include "can't miss" presentations by key clients and information on the latest developments in domestic infrastructure security and Afghanistan reconstruction. Also available is the presentation digest, all 12 PowerPoint presentations on CD.

#### **Panels:**
