

STRATEGIC PLAN 2020-2025

PURPOSE:

ACEC of Louisiana (ACEC/L) exists to protect, educate and advance the business of consulting engineering.

“The Business Side of Engineering”

VALUES:

- Political advocacy to foster a positive business climate.
- Industry advocacy to provide a strong voice for our profession.
- Qualifications-Based Selection (QBS) procurement support to maximize the benefits to members, clients and the communities we serve.
- Member educational programs to improve business performance, develop leaders, and assist firms in meeting professional continuing education requirements
- Collaborative partnerships to provide networking opportunities and heighten the image of ACEC/L.
- Member firm promotion to enhance client awareness and elevate industry image.
- Membership value through cost saving benefits and affinity programs.

VISION:

Membership in ACEC of Louisiana will be considered essential by engineering firms and affiliate professionals by acquiring ACEC of Louisiana’s core values: service, integrity, protect and assistance in industry, professionalism, and networking.

ACEC of Louisiana is committed to **advancing the private practice of consulting engineering, enhancing markets for private engineering services, educating the public on the importance of infrastructure investment, and promoting sound business practices within the industry and its client base.** We are committed to **aggressive involvement in legislative and public sector decision-making, with a focus on protection of qualified-based selection of engineering services, expanded project delivery options, and appropriate legal and liability systems affecting the industry.**

EXPANDED AND INFLUENTIAL MEMBERSHIP

GOAL: ACEC of Louisiana is robust and represents a diversified membership roster.

OBJECTIVES:

1. Actively recruit new firms to ACECL to maintain a minimum roster of xxx firms representing all consulting engineering disciplines and firm sizes.
2. Increase affiliate membership to reflect a broad spectrum of activities supporting the A/E/C industry.
3. Identify methods to pursue new membership by engaging existing members in recruiting.
4. Diversify membership categories to attract other professional service firms in the built environment.
5. Participate in strategic events and programming that exposes ACEC of Louisiana to engineering firms and affiliated organizations.
6. Solicit membership opinions to direct programming and activities to align with expectations.
7. Maintain up-to-date recruitment materials with relevant membership benefits.

ESSENTIAL VALUE TO SOCIETY

GOAL: ACEC of Louisiana is recognized as a thought leader in the engineering business community and broader public at large.

OBJECTIVES:
