

The South Dakota Department of Transportation invites you and your project managers to our annual Consultant Engineer Training.

The training is scheduled for March 17 at the Pierre Ramkota Hotel & Conference Center, 920 W Sioux Ave. The agenda is below.

Please note, the official meeting is over at 2:45 pm, but we have left some time open to set up individual meetings with the executive team. The goal of these meetings is to discuss ways to improve communication and create a better business relationship.

Please send an email to dotlms@state.sd.us with a list of attendees from your company and if you would be interested in a one-on-one time slot. Slots will be assigned on a first come, first serve basis. We will confirm your time slot by March 6.
