ENGAGEMENT OPPORTUNITIES
“The ACEC Conferences have exceeded our expectations and I have to say we do many of these types of events with ACEC being the most productive, most professional and affording us the most access to those clients that impact the business.”

David M. Hutchinson, Chief Operating Officer & Co-Founder, AEC360

---

Reach the Full Spectrum of Engineering Decision Makers:

| More than 5,500 engineering firms are ACEC members |
| 84% of ENR 500 Design Firms are ACEC Members |
| ACEC member firms generate more than $200 billion in private and public works annually |
| 98% of member firms specify products for transportation, water and wastewater, and building/industrial projects |
| More than 74% of member firms use outside consultations to purchase their insurance products |
| 55% of member firms each budget $150,000 or more to spend on new hardware and software annually |
| 66% of member firms outsource the majority of their human resource function |

“As a Conference veteran, exhibiting at a dozen different events each year, I can say with enthusiasm the ACEC events are by far the most well organized, easiest to engage, and attract the highest caliber attendees. We get more business from these events than any other.”

Ryan Suydam, Director of Operations, ClientSavvy

EVENTS

Annual Convention & Legislative Summit | Fall Conference

ACEC holds two national events every year that offer exhibit and sponsorship opportunities to reach top decision makers in our member firms. Join over 1,000 engineering professionals and other industry experts to connect and network. These events are for companies that provide products and services to the AEC industry and construction material suppliers that seek to influence the design and specifications recommended by consulting engineers in the civil, structural, MEP, geotechnical and land development engineering disciplines.

Coalitions

The ACEC Coalitions meet twice a year, once in late Winter and again in Summer. Support these high-level, small group discussions with senior leadership by sponsoring your own thought leadership panel discussion or a discipline specific roundtable at the event. Coalitions are dedicated communities of ACEC members organized by practice area or firm size. Reach these ACEC members focused on disciplines such as structural, surveyors, land development, small firms, mechanical and electrical, design and geoprofessional. Call to discuss options and pricing.

Forums

Each September ACEC holds our popular HR, IT and Finance Forums. Take the opportunity to reach this sought-after audience that does not typically attend other ACEC in-person meetings. Call to discuss options and pricing.

Online Classes
ACEC runs a series of online classes centered around Young Professionals, Diversity & Inclusion, Project Manager Training, and Advocacy. These classes attract mid-career professionals from member firms who have been identified as future leaders. Take the opportunity to underwrite and support these online education courses and tie your message to the thought leadership that will propel the next generation of leaders in our field.

Moderate a Panel
Available in person or virtually at Annual Convention, Fall Conference, Summer and Winter Coalition Meetings. Take this exclusive opportunity to be a true thought leader in your field by bringing together a panel of experts on your topic of choice. Far from a “sales pitch”, having your executive on stage or video for a one-hour presentation with the leading experts in their field will truly tie your company to the insights provided. ACEC must review and approve subjects and panelists.

Webinars
ACEC produces 2-3 webinars per week on a large range of topics. With both live and on-demand access for our members, these highly informative sessions keep our members up to date on all of the major issues that affect their professional growth and their business’ success. Sponsor 3 months of content and get two 30-second spots (one at the start, and one at the end, read by moderator) on each webinar. This sponsorship includes one (1) sponsored webinar per quarter featuring your content and promoted to our membership.

Podcast Advertising
Showcase your brand on ACEC’s official podcast, Engineering Influence. Amplify your message with a 30-second ad played during our Conference Podcast Series. Provide your own ad or work with ACEC to craft a live read for the podcast. This sponsorship also includes one (1) sponsored podcast, promoted to ACEC membership, featuring your content, available on-demand in our library.
