

# YEAR IN REVIEW

## EVENTS THIS YEAR

Every year, each Coalition hosts education and networking opportunities.

This year, GEO hosted two online classes: "An Update from Bentley on the gINT/OpenGround Migration" and "The Future of Subsurface Geotechnical Data Management." GEO helped organize the popular course "Managing Small Projects Successfully" with PSMJ Consultant, Jared Jamison.

Join us at the ACEC Fall Conference in Austin, TX at the GEO Roundtable to hear more about what GEO is offering this year.
